January 3, 2008

TECHNICAL GUIDE NOTICE NO. 289

This notice transmits notification of the January 2008 CRP Toolkit Cost List.

ACTION

Update CRP Toolkit Cost List.

Filing Instructions:

2008 CRP Cost List (Toolkit version):

- Download the January 2008 CRP Toolkit Cost List from my.NRCS, e-FOTG, Section I, Cost Data, Toolkit Cost Lists. The file name is *Toolkit_CRP_1_03_08.xls*.
- Place the files in C: & F:\Field_Office_Tech_Guide\Section I.

File this notice in the front of Section I of the FOTG.

The new CRP cost list closely mirrors the costs and methods that we are using for EQIP. We did add some components for Fence (Gates), Tree Plantings (Tree Shelters) and Wetland Restoration. Additionally, an extra selective chemical application was added to each vegetative practice if it were needed to be added after planting via a modification. Another small change is that FSA desires to call the cost share rate FR, but it will still be a 50% cost share.

FSA is sending a notice to their county offices.

Please direct all questions to your area staff that support CRP.
